Bharada E, Promise SP3

Jakarta (RiauPos. Co)⁷ - National Police Chief General Listyo Sigit Prabowo has revealed the chronology of the shooting of Brigadier Joshua Hutabarat at the official residence of the Head of the Propam Division, Duren Tiga, Jakarta. The first person who shot Brigadier Joshua was not Bharada Richard Eliezer Pudhahang Lumiu alias Bharada E, but Inspector General Ferdy Sambo. Listyo Sigit recounted how Bharada Richard started changing his confession.

Initially, on August 3, Bharada Richard was named a suspect under Article 338 in conjunction with Articles 55 and 56. Then, investigators applied Article 340, a subsidiary of Article 338, in conjunction with Articles 55 and 56. The application of this article made Bharada Richard face the death penalty. Sambo, Karo Paminan, and Karo Provos. "Alhamdulillah, after the replacement, the mutation was filled with new officials, and the obstacles experienced by investigators have begun to decrease," After that, the investigation ran smoothly and produced results and found a bright spot.

"On August 5, Richard was named a suspect based on a report from Joshua's attorney. At that time, the person concerned conveyed changes related to the previous confession.

Basic Bharada E Follow Command Orders

"Why did the person concern change his confession,

1. Bharada Richard does not accept being named a suspect. Bharada Richard admitted that he was not the first person to shoot Brigadier Joshua. He also stated that he shot Brigadier Joshua on orders. "At that time, brother Richard said that he saw the late Joshua lying in a pool of blood. Brother FS stood in front and held a gun, then it was handed over to brother Richard,".
2. Bharada Richard has been promised by Ferdy Sambo that he will get SP3 and will not become a suspect. However, the fact turned out that Richard was still a suspect. "So then on that basis, Richard said he would say or provide information honestly and openly," Bharada Richard's confession finally changed all the initial information provided by the Sambo group at that time.

Bharada E was finally honest and open in changing his initial statement because he knew that Inspector General Ferdy Sambo had failed to keep his promise. He said this made the investigation into the Brigadier's murder smoother and brighter.

"On that basis, Richard stated that he would provide information honestly and openly. This is what made all the initial statements change,"

3. Bharada Richard received a promise from Inspector General Ferdy Sambo to stop the murder case of Brigadier J. The promise was made so that Bharada E was willing to shoot Brigadier J.
